To: "eftekhar.hossain@cuet.ac.bd" <eftekhar.hossain@cuet.ac.bd>

Dear Hossain, Eftekhar

It is my pleasure to inform you that you are being offered a Graduate Assistantship for the 2023-2024 academic year from the Computer Science Department at The University of Texas at Dallas. The amount of your award will be \$1,950/month paid monthly during the Spring 2023, Fall 2023, and Spring 2024. Subject to maintaining an excellent academic record (maintaining a GPA of 3.6 or higher, passing the PhD Qualifying exam, performing well as a graduate teaching/research assistant, choosing a PhD research advisor and making progress in research, etc.) and the availability of funds, the assistantship could be renewed in subsequent years. Initially, the support will be in the form of a teaching assistantship, but subsequently it may become a research assistantship. Additional summer support may be provided to you as well, subject to availability of funds. Your tuition expenses will be entirely covered during the assistantship. Health insurance (UTD SHIP) will also be covered by the assistantship.

There are three levels for monthly stipend. Level I, \$1,950, is for new students. Level II, \$2050, is for students who have passed the QE exam and have completed 30 graduate hours (or have an MS already). Level III, \$2250, is for students who have passed their Dissertation Proposal.

Please note that the CS Department has world renowned faculty and many of our research groups are ranked in top ten in the US. Our resident PhD students are top notch as well. By joining the CS Department you will be joining a community of scholars who are striving for excellence every day. You can learn more about our activities by visiting our news page at <http://cs.utdallas.edu/NEWS/> and browsing our faculty members' profiles at <http://cs.utdallas.edu/people/faculty/>.

Please note that you don't have a PhD research advisor assigned at the moment. You will have up to 2 semesters to choose one.

I look forward to you joining our PhD program.

*** Please let me know if you will accept our offer by Sunday, October 30, 2022. ***

Sincerely yours,

Jorge A. Cobb
